The following figures are provided to applicants in order for them to complete the Statement of Support, which must be completed and certified by the applicant and his/her guarantor. This Statement will be provided to the relevant U.S. government agency. The figures below are based on the average expenses incurred by students at ITS. They are subject to change each academic year.

For an unmarried student living in school dormitory:

Tuition and fees (9 months; 48 credit hours)*	\$9,600.00
Living expenses (12 months at \$300.00/month)	\$3,600.00

Total cost per year	\$14,650.00

*Tuition is based on the current rate of \$200.00 per credit hour. This rate may change from time to time.

For a married student:

A married student must add the following minimum costs if the spouse and/or children accompany him/her.

The following figures are multiplied by 12 and must be added to the above yearly total for an unmarried student. These figures are approximations only; the final costs for spouse and children will depend on the economic level at which the student chooses to live.

\$200.00 per month for spouse	\$2,400.00
\$150.00 per month for each child	\$1,800.00

All applicants are reminded that the relevant U.S. government agencies do not allow international students to be employed except in the case of on-campus employment or by government authorization. Scholarship students will be expected to offset some of the costs of their scholarship by assigned areas of work on campus without additional remuneration.
